Good Morning Sgt.

We had an issue at a bench on Friday morning, please see below:

\*611 W. 6<sup>th</sup> St (Social Security Bldg.)- LAPD was notified for a male Black subject ID as "DJ" sleeping on the bus bench. LAPD Officer Contreras Unit# 1A35 advised that due to a court ruling, people can now be sleeping in a bus bench regardless of the time and how much space they are taking.

Is this true? Defeats the 56.11 does it not? This could get real ugly if true.
